

Sidewinder 24" Floor Stripper

Don't work hard, work fast and smart with the Aztec WorkSmart™ system.

Sidewinder — Planetary Brush Action

Engine	Kawasaki 603cc
Centrifugal Clutch	standard
Head Pressure	350-400 lbs.
Brush Size	3 ea. 10" Stratagrit Plus
Brush Speed	1100 RPM Counterclockwise
Brush Drive Speed	250 RPM Clockwise
Average Strip Speed	12,000 sq.ft. per hour

Features & Benefits

- Rugged, all steel construction
- Planetary brush drive eliminates strip shadows and side torque
- Unique floating head design allows brushes to address irregular surfaces
- Brush RPM speed combined with 375 lbs. of head pressure delivers fast, deep stripping or scrubbing
- Centrifugal clutch substantially increases belt life

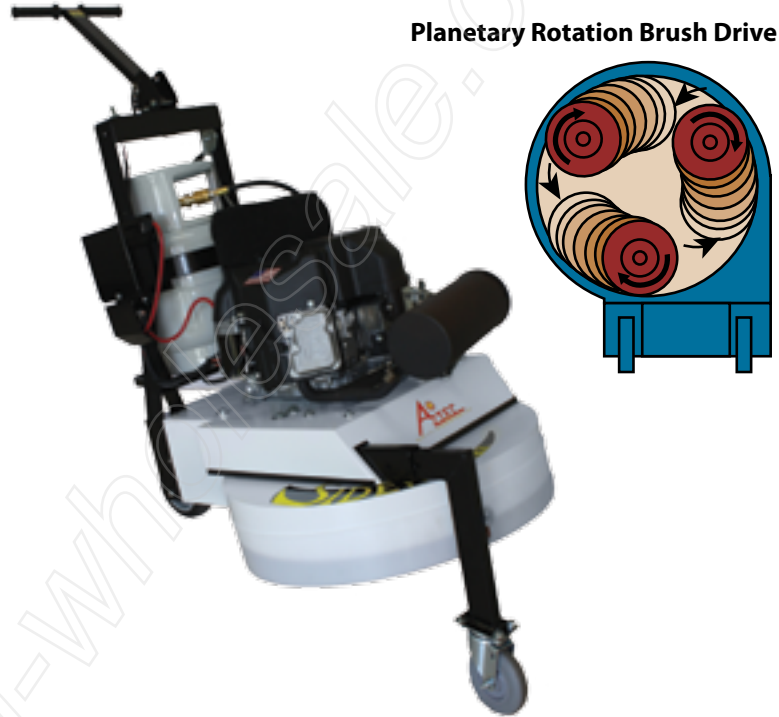

The Aztec Sidewinder™ is the ultimate high speed propane stripping and scrubbing machine, providing the fastest way to strip and re-finish VCT floors. The rugged all-steel body construction, available in 24" or 30", offers superior performance and extended long term durability. The new transport wheel attachment makes the 400+ pound machine even easier to load and unload, for maneuvering around the job site.

The Sidewinder system is designed to empower as few as 3 people to strip up to 7 layers of floor finish at 15,000 sqft/hour. The German engineered heavy duty centrifugal clutch, floating brush drive and propane powered engine ensure that it is both an incredibly powerful and durable machine. The planetary action and grit-impregnated nylon brushes rip quickly through old finish without damaging VCT floors.

Don't work hard, work fast and smart with the Aztec WorkSmart stripping system.

All of Aztec's machines are proudly MADE IN THE USA and meet the US green building council LEED IEQ credit 3.4 requirements, and are CARB, EPA, GS-42 and CE compliant.

Planetary Rotation Brush Drive

Sidewinder Specifications

Machine Height	46"
Machine Length	38"
Machine Width	26.5"
Shipping Weight	463 lbs*
Shipping Height	48"
Shipping Length	48"
Shipping Width	40"
Warranty	1 year
Engine Warranty	2 years

* Shipping weight may change slightly due to varying skid weight
