Multi-Clean[®]

Safer - Better - Faster

Introduction

For over 77 years Multi-Clean has been developing and manufacturing high performance cleaning and floor maintenance products for commercial facilities.

Our Mission

Multi-Clean partners with distributors to help customers clean better, faster, and safer.

Dealers Make a Difference

At Multi-Clean, we strongly believe the best way to purchase our products is through our authorized distributor partners. Why? The answer is simple.....SERVICE. Whether you need product fast, require assistance with training, or need help solving a problem, Multi-Clean distributors are there to help. Our authorized distributors are supported by Multi-Clean's factory technical support, field representatives and a full arsenal of educational and support tools.

Research and Development

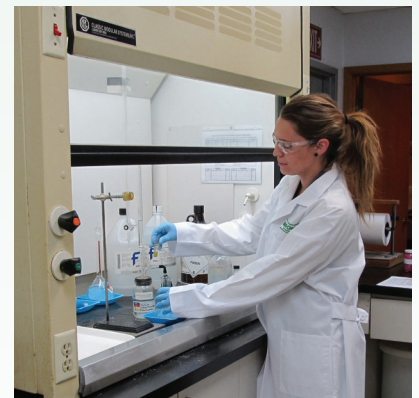

New technologies help us produce products that work better, are safer, and minimize environmental impacts. Multi-Clean chemists are responsible for developing a steady stream of new and innovative products to help make facilities healthy and clean. In our modern product development laboratory, chemists develop and test new products for optimal field performance.

Quality You Can Count On

Multi-Clean operates a state of the art production facility in Shoreview, Minnesota. The quality control department insures consistent and reliable performance by testing each batch of product for conformance to standards. Each container is individually coded for traceability. Multi-Clean offers packaging that is both attractive and functional to project our image of quality and reliability.

Better - Faster - Safer

CLEAN BETTER

Multi-Clean brand products are designed for performance. We continue to develop innovative cleaning solutions that help standardize processes and consolidate products to reduce cleaning costs.

CLEAN FASTER

Finding ways to increase productivity is an absolute necessity. Combining products with training and education is why the Multi-Clean brand has been trusted by maintenance professionals since 1946.

CLEAN SAFER

Multi-Clean offers a line of green certified products combined with education and advocacy that promotes a safer and healthier environment. It is important to educate the public on the value of cleaning.

Markets

Multi-Clean products are used in healthcare, educational facilities, office buildings, food service, hospitality, commercial, industrial and retail facilities. A variety of specialty products and programs are available that target these key markets. Our products are also extensively used by Building Service Contractors to keep facilities healthy and clean.

Versatile Finishes

Splendor®

All Purpose Finish

A top selling Multi-Clean finish which offers exceptional gloss.

Maintenance versatility allows use with high and low speed equipment. 19% solids; clear acrylic co-polymer.

Decade 100®

High Solids Finish

A premium finish for high speed programs. Soil Shield technology helps to repel soils and reduce dirt induced yellowing. 25% solids, clear acrylic copolymer, with optical brighteners.

No Buff Finishes

Premier

Low Maintenance Finish

The most durable Multi-Clean finish. Premier produces a tough shine that is resistant to scuffing and black marking. Premier can be spray buffed at low speed or simply recoated periodically. 20% solids, clear acrylic co-polymer, with optical brighteners.

High Speed Finishes

Dyno-Shine

Urethane Finish

An aliphatic urethane fortified finish that provides superior gloss, durability, mark resistance, and adhesion. Its exceptional versatility makes it ideal for use with all maintenance programs (non-buff to ultra high-speed).

Certified Floor Care

This system provides Green Seal certified products for a complete system of floor care. Using the Certified Floor Care System in a green cleaning program can earn points toward LEED-EB Certification.

Emerald

Zinc Free Floor Finish

A versatile, low odor finish that provides a durable, glossy finish that can stand up to burnishing with propane, battery or electric machines. 20% solids, clear acrylic copolymer. Zinc free.
